

CAPABILITY STATEMENT

In Context Learning Solutions, LLC

Founder: Dr. Kimberly Nicole Miles | **Email:** info@incontextls.com

Primary NAICS: 611710 | **Structure:** Georgia LLC | **Target Codes:** NIGP 924-05, 924-16

In Context Learning Solutions, LLC (ICLS) provides premier K-12 educational support services, curriculum realignment, and highly specialized professional learning models. We partner with school districts, regional agencies, and educational publishers to maximize instructional rigor, transform text engagement, and ensure academic authority without compromising curriculum pacing maps.

CORE COMPETENCIES

ICLS specializes in delivering evidence-based frameworks that seamlessly merge secondary humanities content with explicit literacy instruction. Our competencies are delivered across three focused tracks:

- **Adolescent Literacy Foundations:** Designing and implementing high-yield, low-prep access structures (decoding, processing, and academic text comprehension) tailored for middle and high school students interfacing with dense secondary informational texts.
- **Disciplinary Literacy Mastery:** Cultivating advanced, content-specific cognitive routines that empower secondary students to read, write, and critique evidence like true historians through explicit sourcing, contextualization, and corroboration.
- **Job-Embedded Collaborative Coaching:** Facilitating structured professional learning communities (PLCs) inside teacher collaborative planning windows, creating environments where educators feel seen, heard, and understood.

- **Curriculum Realignment & Rigor Audits:** Modernizing district pacing guides and curriculum frameworks to integrate rigorous text analysis and evidence-based writing routines.
- **Specialized Manuscript & Content Editing:** Providing academic, developmental, and line editing for educational non-fiction, academic journals, peer-reviewed texts, and children's picture books.

DIFFERENTIATORS

What Sets In Context Learning Solutions Apart:

- **Proven Academic Leadership:** Led by Dr. Kimberly Miles, an established expert holding an Education Doctorate (Ed.D., 3.9 GPA) and professional endorsements in Instructional Coaching, Gifted Education, and ESOL.
- **Published Frameworks:** Active contributor to the regional and national academic dialogue, with foundational research published in peer-reviewed journals including Teaching Social Studies in the Peach State and The Leader.
- **Contextual Integration:** Eliminating the false compromise between literacy mandates and rigid history curriculum maps by turning text work into the primary engine of content pacing.

PAST PERFORMANCE & CONTRIBUTIONS

- **Henry County Schools:** Designed and executed systemic professional learning frameworks, coordinated regional excellence initiatives, and served as Director of the Regional National History Day Competition.
- **Peer-Reviewed Research:** Published "Adolescent Literacy: Bridging Literacy Gaps in Georgia's Social Studies Classrooms-A Call for Disciplinary Literacy in Secondary Education" (2026), providing actionable toolkits for regional secondary literacy integration.
- **National Thought Leadership:** Published "Building Bridges: Integrating Multicultural Awareness in Early Learning (and Beyond)" (2025) in the national publication The Leader.
